HAPPILY WEDDED

Mr. Lee Haucke and Miss Cora Lowry Joined For Life.

MANY HANDSOME PRESENTS.

Yesterday afternoon in the Church of the Nativity the marriage ceremony unit ing Mr. Frank Lee Haucke and Miss Cors Lowry was said by the Rector of the Par-ish, the Rev. D. D. Chapin. Impressively beautiful as is this divinely sometioned word picture, it was, am'd its surround-ings upon this occasion, even more so, the reverend sir, in his ulfnisterial robes, insignia of holy office, standing with patri archal mien and solemnly spoke the words which hind into one for long years (we trust) the two hearts which have by the aubtle influence of love long ago con-

money.

Mr Howard Thomas of Augusta and Miss Maszel Tambieson of Georgetown were married at Bipley a few days aco. The receipts of the lawn social given at the home of Mr William Smoot by the ladies of the Christian Church amounted to about #99.

The examination for white tembers will be neld near Friday and Saturday, July 16th and 17th, in the High School Building, commending at 8 o'clock.

The colored excursion from this city to devoted and loyal member, heautifully the context of the context of the context of the colored excursion from this city to Miss-sphis Williams is on the sick list.

Don't fail to see out July 16th and 17th, in the High School Building, commencing, at 8 o'clock and of which she is auch has been a most building, commencing at 8 o'clock this morning, was pretty well partonized, this morning, was pretty well partonized, the morning was pretty well partonized to the survey of the s

said of Covington and Mr. Harry C. Currain. With marching tread and slow step they moved up the ceuter aisle of the Church. Reaching the chancel the tab lean was formed to await the completion of the rites. From the robing-room the groom approached the sak of his soon to the bride, and then the organ peals died to s faint, distant sound, and the echo wa a faint, distant senind, and the echo was as of voices proclaiming the benediction of angels while the ceremony proceeded. The whole service being said, the fless ing was given and forth to leave the Chirch the newly wedded left, closely lag the wedding party were whisked to to the C. and O. Station, where at 3.25 o'clock Mr. and Mrs. Haucke took the Irain for a honeymoon trip before assum-ing the domestic relations which shall be

theirs upon their return to Maysville The bride's dress was a styliab, heautifully made suit of light tan broadcloth, hat and gloves to match, and thus attired she was a lovely, womanily maiden, an honor to any man and a rare jewel to own. She is most popular indeed, for no girl in a long time has married who has SHEET MUSIC, heen the recipient of so many really elegant, useful and ornamental gifts. The list embraces nearly enough to furnish a house from attic to cellar, with cash, bric a brac, pictures and a wardrobe costly, beautiful and varied.

Mr. Haucke is a Maysville boy, born

Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, re-

your vision tested and trouble, if any, re-moved,
Very simple troubles may develop serious results if not properly treated.
Ordinary failing eyesight receives our most careful attention, both as to glasses and frames

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the ser-vices of an oculist we will frankly tell

WE'RE FOR AMERICA & AMERICANS!

"THE evidence I have obtained from all sections of the country, from the press, from callers personally and corre spondence, all points in one direction an actual Improvement in trade an mannfactures."-Secretary Gage

President McKINLEY's commission looking to International bimetailic action and predicting that it would be a fallure, are considerably surprised by the recent developments. A dispatch from London quotes The National Review as saying that it is able to aunonnee that England's reply will be that the Gov ernment is willing to reopen ludio Mints and to make a further substantia contribution to the rehabilitation of silver by extending its use in England, by increasing the legal tender of sliver. making sliver the basis of notes, em powering the Bank of England to as its silver reserve, and that material assistance and strong morai support wiii be given to the object which the United States and France have in view."

THE coal miners' strike has brought to the public attention some interesting and important facts as to the effect of the Wilson Tariff Law upon this indus try, and upon the miners themselves The Wilson Law reduced the rates of inty on coal from 75 cents per ton to 40 cents per ton. This is just about the amount of reluction in miners wages, of which complaint is now being made and emphasized by the strike anuounced for July 4th. I'resident RareIronia of the Fuiled Mine Workers' Association, in a communiter than the wages of miners have been reduced since 1903 an average of 30 cents per ton, which is just about the amount of the reduction In duties made by the Wilson Law. Curiously this reduction in wages is thus coincident as to time and amount with the reduction in wages was a direct result of the Tariff Is, however, accurately shown in another and equally striking series or facts. Prior to the enactment of the Wilson Law, the Eastern cities and manufacturing establishments were supplied with coal largely from the Virginia and West Virginia mines. As soon as the Wilson Law was enacreal, however, coal from Nora Scotla Invaded the Rastern market, driving out the Virginia and West Virginia product, and compelled the mines of that section to find a market elsewhere. The result was that their coal went West Instead to rate as it formerly had done, and with reduced railroad rate war was laid down in the markets of Cincinnati. Cheage and other Western etities as such low rates that a coal war, followed by a railroad rate war was laid down in the markets of Cincinnati was that their coal went West Instead the reduction in the wages of coal market as it formerly had done, and with reduced railroad rate was laid down in the markets of Cincinnati the gradient of the ward to great the cases which infest the day, reductions in prices which followed by a railroad rate war was preduction in duties on coal. That Resembles the Johnstown Flood, on a Small Scale.

Reservoirs Give Way and Rushing

Newsukon, N. Y., July 13.—Melzingah reservoir in Flishkill mountains, near Mattewan, burst at 3 ociook Wednesday morning owing to the creek and two miles below, near Duchses Junction, washed away brick yard buildings, including a boarding house coupled by laborers. It is reported here that nine of them were drowned brothers, and the second of the second control of the sec

works system and persistent of the protion of the prolage of Mattewn and Fishkilliwonthe-Hudson.

A temporry treatle has been built
at the break in the Hudson River railtonal track and the Montreal express
and the Montreal express
lie late Wednesday afternoon before
realise nine run on time.

At 9 o'clock seven boiles had been
recovered. Two of them were those of
Peter Mulligan and wife, who kept
brickpard laborers that were swept
away by the flood. The names of tue
others are not known. It is reported
that 20 are still massing. Tons of
earth and sand were washed down in
other and one of the service of the
flood of the service of the service of the
passengers on which expected to start.
The loss of life at Timong's brickyard, Duchess Junction, by the flood
when salay morning, is now stated at
nine. There were about 30 laborers in
berrailing houses that were swept
man had an arm broken and others
affered minor lajuries.

The identity of six boiles recovered
has been established as follows.
Feter Mulligan and wrife
selecting the processor of the orselection of the engener of the brickyard.

REPUBLICAN LEAGUE.
Lounard J. Crawford E center Presidentthushs for the Next Convention.
DETROIT, Mich., July 15.—Leonard
J. trawford, of Newport. Ky. was
Weduesday afternoon elected president of the National Republicat
Lengue While the contest for the
presidency had all the appearance of a
close struggle, the result can scarcely
be said to nave been in doubt. Two
on I one being necessary to verify the
first, in which the detailed result could
uot be determined owing to the confusion caused by numerous changes of
votes and the persistent siring of load
differences in some of the state delegations.
According to the indicated.

votes and the persistent airing of local differences in some of the state delegations.

In a conting to the indications M. J. Devium, of Minnesota, will be reelected as secretary, which will complete the leading slate of Crawford, Dowling and Omaha for the next convention. The committee on time and place of next convention Wednesday selected Omaia, but left the question.

There was no coutest over resolutions; the expressed wish of the colored delegates for the addition of an anti-tynching declaration was willing by granted. During preparation of the platform is coursed the policy of anyling as little as possible about the "sound money" feature of the St. Louis platform, but the resolutions heartly endorsed that platform in ail respects.

Opposed to the March.

WEEKLY CROP REPORT!

PROSPECTS THROUGHOUT THE STATE OF KENTICKY.

OENERAL REVIEW.

The past week was one of the warmest of which there is any record. Temperatures in the neighborhood of or exceeding 10st disputes were reported aimost daily trem one or insee stations, and the wars ge maximum temperature of the state for the week was 96 degrees. In many cases the heat was so excessive and uninterrupted as to preclude work in the uninterimed as to preciouse wirk in the fields. While the average precipitation as determined from the amounts reported from the various stations throughout the state exceeds the normal slightly, yet so uneven was its distribution, that from uneven was its distribution, that from unany localities come complaints of drouth, and from others, in some in-stances parts of the same county, very heavy rains are reported usually attended by thunderstorms, which were unusually destructive of life and property. Geneof the week, it was general only during

of the week, it was general only during Sunday and Monday, when amounts ranging from light showers to two inches or more fell in various parts of the state.

WESTERMS SECTION.

The heat was probably alightly more intense in this than in any other section of the state. Except in a few instances the amounts of precipitation reported Wire comparatively small, the largest being 2-31 inches as Russell-Wile and 1-33 inches as Palucah. Secrees is volent hunderat Pailucah Seversi violent thunder-storms, which caused considerable local damage, are reported during the week. Wheat is in the shock, but is being threshed very rapidly, the weather favorthreshed very rapially, the weather ravor-ing the work. Early anticipations rela-tive to crop, both in respect to quality and quantity, are more than borne out by the abundantyfeld. Cornis generally Joing very well, but in many localities is deing very well, but in many localities is commencing to feel the used of rain. The oat hurvest is in full progress, and, as indicated during the past several, weeks, will be a short crop. Reports concerning tobacco continue to be dis-

A protracted meeting to in proctess at wicks, will be a short crop. Report of Sprinada's was strained be valley. Sherman Carpenter of Sprinada's was visiting here this week.

Mr. Charone Caywood was in our town selline Bibles last week.

Mr. Mouroe Hedges was promitted to be uneven and inany of the plants are dying on the hill. In the extraction the content of the plants are dying on the hill. The oat harvest is commencing, and will be in full progress during the present week. A fair crop is anticipated Corn is growing nicely, especially on law ground. Hay is turning out very well ground. They is turning out very weir generally. Tobacco appears to he doing well in sections where good rains have fallen, but reports concerning its condi-tion are so conflicting as to render an ac-curate estimate difficult. Gardens are suffering from drouth in some localities, and Irish potatoes are generally indiffer-ent in quality. Pastures are good and stock in excellent condition. Apples will be a fair crop. Berries are abundant.

A small worm of greenish color is doing great damage to the growing coru in the Big Sandy valley. It fastens itself upon the plant just above the root, and sucks the sap

FLOTSAM-JETSAM-LIGAN!

The Suook-Anderson Manufacturing Conpany of Pittsburgh has contracted to build an immense doctor for the Smoky City which will weigh about seven tons.

The river continues very muddy, while the sandbars are beginning to show up in great shape, notwithstanding the recent heavy rains all along the Ohlo and tribu-taries.

The Keystone State passed up last night for Pittsburgh, and if conditions are favorable the Queen City will follow on Saturday. The rise in the Upper Ohio is not as great as was expected.
